CEO MESSAGE

by Bob Schuman

Dear Birth Choice Family,

Happy New Year! It's always such a great time of renewal, fresh starts and reflection. As we look back on the past year, we can see the many ways in which God has blessed us and guided us through the challenges that we have faced. We are so grateful! As we look ahead to the new year, we have hope and confidence that God will continue to be with us and lead us on the path that He has for us.

In 2023 we performed more ultrasounds and had more moms choose life for their babies than ever before. This year promises to be even better. As you may know Birth Choice has increased our capacity for ultrasounds significantly. Thanks to you. That means more clients and more babies saved.

Birth Choice cares about every aspect of a client's life - which is why in the past year, we have made it a priority to share the Gospel with more clients than ever before.

Our outreach programs are ramping up, geared toward finding more abortion vulnerable and abortion minded women. Our campus program is in full swing at CSUSM and we are launching it at Palomar College this month. We re-started our After Abortion Care program in November with the belief that when a woman has an abortion, there is one dead and one wounded. We want to lovingly help these women heal so they never choose to go down that path again. We have more women in our support programs than we can handle. A good problem to have and we are working toward solving it. We will be starting a Men's support program later this year and we are pushing hard to present our "sexual integrity" program to more youth groups.

We are only able to do this because of you. There is no doubt that because of you, more moms are choosing life and babies are being saved. We are so deeply grateful for your ongoing and generous support.

Here's to a great and blessed 2024!

Bob

LEGAL VICTORY

San Diego County Board of Supervisors was set to hold a vote on an agenda Item that aimed at closing down or damaging Pregnancy Clinics like Birth Choice, claiming those centers are fake and fraudulent. This agenda item was proposed by Supervisor Terra Lawson- Remer. It was a cynical attempt by her to get attention and press by a politician that is up for re-election next year. Lawson-Remer removed this item from the December 5th Agenda after receiving an incredible amount of push back from the community, including many of you!

good news: she wouldn't be doing this if clinics like Birth Choice weren't so affective.

PRAYER TEAM

PRAY FOR HER

From time-to-time when the nurses or client advocates are with a mom she will tell them she is strongly considering an abortion, or struggling with certain hardships. When this happens the nurse or client advocates will text the staff to pray. We invite you to join us. Sign up to be on our prayer chain and receive a simple text letting you know that prayers are appreciated. We won't tell you what to pray or how to word it that's up to you. As needs arise, we could use your help. We believe in the multiplying power of prayer. Join us in praying for miracles, open and receptive hearts, and wisdom and guidance for our staff.

Scan the QR code or go to PrayForBabies.com/BirthChoice-PrayerWarriors to sign up.

BANQUET RECAP

LET YOUR LOVE TAKE ACTION

We were so blessed by the number of people who came to support Birth Choice at our annual fundraising banquet. Because of the generous support we received, we will be able to open our doors to more clients than ever before during 2024! How amazing.

COMMUNITY OUTREACH

WALK FOR LIFE

We had a booth at the Walk for Life 2024 this month. It is incredible to see our San Diego community come together to fight for the lives of the unborn!

NEW DONOR WEBSITE

We were blessed to receive a grant from Focus on the Family for a new donor website. This allows all of you to have access to events, volunteer opportunities, and much more.

We have been working away to get this off the ground and are happy to announce that it is finally live.

WWW.FRIENDSOFBIRTHCHOICE.NET

BUMPS N BABIES

Our December Bumps n Babies (a support group for pregnant women and those with newborns) event was a huge success. Everyone came decked out in their finest Christmas PJ attire and the magic of the season was in the air!

COLLEGE PROGRAM

Our new college outreach at CSUSM has had an amazing response. Over the past few months, we have made over 1,000 points of contact with college students. We recently launched the program at Palomar College as well.

HOPE SYNC

HopeSync is a new online text program that allows clients to get answers to important questions immediately. We have already begun to see abortion vulnerable clients using this service to contact us.

HopeSync

Reliable + medically accurate content that can be sent to a client in their time of need.
